Chief, Permits Branch  
Office of Air Quality

## Notice of Decision: Section 112(j) Applicability Determination

Please be advised that on behalf of the Commissioner of the Department of Environmental Management, I have issued a decision regarding the enclosed matter. Pursuant to IC 4-21.5-3-5 (f) this order is effective fifteen (15) days after it is served. When served by U.S. mail, the order is effective three (3) calendar days from the mailing of this notice pursuant to IC 4-21.5-3-2(e).

If you wish to challenge this decision, IC 4-21.5-3-7 requires that you file a petition for administrative review. This petition may include a request for stay of effectiveness and must be submitted to the Office of Environmental Adjudication, ISTA Building, 150 W. Market Street, Suite 618, Indianapolis, IN 46204, **within (18) eighteen days of the mailing of this notice**. The filing of a petition for administrative review is complete on the earliest of the following dates that apply to the filing:

- (1) the date the document is delivered to the Office of Environmental Adjudication (OEA);
- (2) the date of the postmark on the envelope containing the document, if the document is mailed to OEA by U.S. mail; or
- (3) the date on which the document is deposited with a private carrier, as shown by receipt issued by the carrier, if the document is sent to the OEA by private carrier.

The petition must include facts demonstrating that you are either the applicant, a person aggrieved or adversely affected by the decision or otherwise entitled to review by law. Please identify the permit, decision, or other order for which you seek review by permit number, name of the applicant, location, date of this notice and all of the following:

- (1) the name and address of the person making the request;
- (2) the interest of the person making the request;
- (3) identification of any persons represented by the person making the request;
- (4) the reasons, with particularity, for the request;
- (5) the issues, with particularity, proposed for consideration at any hearing; and
- (6) identification of the terms and conditions which, in the judgment of the person making the request, would be appropriate in the case in question to satisfy the requirements of the law governing documents of the type issued by the Commissioner.

If you have technical questions regarding the enclosed documents, please contact the Office of Air Quality, Permits Branch at (317) 233-0178. Callers from within Indiana may call toll-free at 1-800-451-6027, ext. 3-0178.

Re: Response to Review Request No. 16304:  
Section 112(j) Applicability Determination  
Plant ID: 003-00017

Dear Mr. Steier:

Tokheim Corporation, located at 1601 Wabash Avenue in Fort Wayne, Indiana, submitted a request for an applicability determination regarding the requirements of Section 112(j) of the Clean Air Act (CAA) on May 16, 2002. The letter was submitted in accordance with 40 CFR 63.52(d)(1) and requested that the Indiana Department of Environmental Management, Office of Air Quality (IDEM, OAQ) determine if Tokheim Corporation is subject to the requirements of Section 112(j) (40 CFR 63.50 through 63.56) for the Miscellaneous Metal Parts & Products Surface Coating source category.

Pursuant to 40 CFR 63.50, the requirements of Section 112(j) will apply only if your entire source is a major source of hazardous air pollutants (HAPs) and one or more of your processes or emissions units belong in a category or subcategory for which the United States Environmental Protection Agency (U.S. EPA) has failed to promulgate an emission standard on or before the Section 112(j) deadline.

The information submitted in the Part 1 MACT Application indicates that Tokheim Corporation is a major source of HAPs. In addition, the Title V permit, T003-6870-00017, issued on December 31, 1998, for Tokheim Corporation also indicates that the source is a major source of HAPs. On June 19, 2003, IDEM, OAQ received notice from Tokheim Corporation that all operations and air emissions ceased as of April 15, 2003, thus eliminating the need for a Part 70 permit. As a result of this notification, the Part 70 permit 003-6870-00017, issued on December 31, 1998, was revoked on July 2, 2003. Pursuant to IC 4-21.5-3-5(a) and (b), the revocation is effective eighteen (18) days from the issuance date of the revocation letter. Since Tokheim Corporation is no longer a major source of HAPs, the source does not meet both applicability criteria of 40 CFR 63.50; therefore, Tokheim Corporation is not subject to the requirements of Section 112(j). IDEM, OAQ is issuing this letter pursuant to 40 CFR 63.52(e)(2)(i) to notify Tokheim Corporation that the requirements of Section 112(j) do not apply and no further action is necessary.

If U.S. EPA promulgates a final MACT standard prior to IDEM, OAQ issuing a permit containing the Section 112(j) determination requirements, a source is no longer subject to Section 112(j) for that source category, including the requirement to submit a Section 112(j) Part 2 MACT Application. A source is still subject to Section 112(j) for any other source categories that do not have promulgated MACT standards.

This determination is based on the information provided by Tokheim Corporation, IDEM, OAQ records, and the information currently available from the U.S. EPA. Note that if additional equipment or capacity is added or operational practices are changed (e.g., source plans to resume operations; switching solvents from a solvent that contains no HAPs to a solvent containing HAPs; etc.), the Section

112(j) requirements may be triggered in accordance with 40 CFR 63.52(b). If the events described in 40 CFR 63.52(b) occur at the source, Tokheim Corporation shall submit a Part 1 MACT Application in accordance with the requirements and schedule contained in 40 CFR 63.52(b).

Questions should be directed to Kim Cottrell, IDEM, OAQ, 100 North Senate Avenue, P.O. Box 6015, Indianapolis, Indiana, 46206-6015, or call (800) 451-6027 and ask for Kim Cottrell at extension 3-0870, or dial (317) 233-0870.

Sincerely,

Original signed by  
Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
